To Whom it May Concern:

Four Corners Animal Hospital has worked with Josh Pincus and his team from Malden Solutions for many years and we can't say enough about the service we have received. Even though we are a smaller company than many of Josh's other clients we always know that we are a top priority. Josh has even been willing to meet with us at our home outside of normal business hours to make sure that we have a full understanding of our coverages and to help us with claims questions.

In addition to helping us pick out the appropriate type of coverage for our company, the benefit education services that Malden Solutions has given us is excellent. Our focus is on taking care of our patients and figuring out what types of insurance plans we can afford to offer to our staff is not something we have a lot of time for. With all of the changes over the last number of years we have relied on Josh's team to help us build a benefit package we can be proud of but also one that we can afford. We love working with the team at Malden Solutions and know that we are in good hands for our Major Medical, Supplemental Coverage, and our Business Insurance.

Thank you for being there when we have needed you over the years!

Sincerely,

Roswell S. Bowersett, Jr DVM MPH
